

PROFESSIONAL SHARPENING

- Optimizing resources for a better future -

ABOUT US

At ALFILO we focus on offering solutions and Professional Sharpening services for a wide variety of tools for home, restaurants and companies.

OBJETIVES

- Add value to the activities of our clients with the highest possible quality in our service.
- Offer a personalized service, focused on providing solutions to customer needs.
- Staying open to find solutions suitable to the new customer needs.
- Always seek total customer satisfaction and work for the environment and natural resources.

WHY USE OUR SERVICE?

1. Do not waste time in activities that do not add value to your products or services, dedicate yourself to what is really important for your company.
2. Correct sharpening of your tools will save you time and money, increase your production capacity, reduce the risk of accidents and waste of raw material.
3. Using poor quality sharpeners, home methods, and not handling a sharpening technique properly will damage your tools and force you to buy a new one ahead of time.

SERVICES

- Sharpening blades for food processors brand NEMCO, ROBOT COUPE, SAMMIC, HOBART, KRONEN, URSHEL among others.
- Sharpening for industrial, home and professional blender blades.
- Tip restoration for broken knives.
- Sharpening of professional, smooth and serrated knives for bread, daggers, straight and curved collection knives, axes and machetes.
- Sharpening scissors, pizza rollers, moons and spatulas, industrial and kitchen graters, wood forms, hair machine blades, leather and pastry dies, cable shears, among others.
